## Budget Campaign Set For Chamber

### Gidden To Speak On Year's Goals

Canyon Chamber of Commerce will kick off a drive Thursday of next week designed to meet a \$15,000 budget for the coming year.

Committees have been shaping the drive for the past three months.

It will begin with a luncheon meeting to be attended by 100 members and prospective members in Legion Hall at noon Thursday of next week.

"It is time to do something if we want our community to progress," declared Joe Gidden, president of the Chamber. Highlighting the program will be a talk by Gidden in which he will outline future program of the Chamber when the bud-

get is met.

The Chamber will make a strong bid for agricultural membership through support by the Chamber of programs specifically benefitting agriculture.

Already off the ground is a move to bring a Dairy Festival here next June which will include a Dairy Princess contest.

The Canyon Chamber is promoting sugar beet acreage for county farmers.

Chamber committees will work closely with college officials for expansion of West Texas State College. One of the top projects is promotion of a stronger summer school program at the college.

The Chamber hopes to employ a part time secretary to enable the Chamber manager to spend more time in the field. Chamber Manager Roll and Black now has no secretarial assistance.

Breakdown of the proposed budget includes \$1200 for fixed expenses; \$3,000 for new business and industrial development promotion; \$700 for promotion of retail trade and advertising; \$500 for brochures and promotional printing; \$500 for dairy and agricultural promotion; \$1200 for banquets, drawings, barbecues, etc.; and \$8300 for employment of the manager and a part time secretary.

### Begin Plans For Spring Stock Show

Initial planning for the 1962 Randall County Junior Livestock Show will start on Thursday night of next week, according to J. O. Parker, president.

The first order of business will be the election of officers and directors to handle the association's business for the coming year.

The show and sale, to be held in January, is destined to be the biggest and best ever. With the new building facilities this year many boys and girls are now feeding lambs, steers, pigs, training horses, dairy cattle and beef cattle breeding heifers for the big event.

Parker extended an invitation to all members, officers, directors, contributors and interested parents and businessmen to attend.

The meeting is scheduled to start at 7:30 p.m. It will be held in the new livestock building.

### Moore Wins FTA Title

Wam Moore, Canyon High School sophomore, was elected Mr. Future Teacher of America at the District 9 meeting Tuesday at West Texas State.

Moore was elected from 17 schools. Judi Roberts, was a finalist in the Miss FTA contest.

Forty members of the Canyon FTA group attended the meetings and luncheon. At the meetings, the groups heard talks on the teaching field.

## Dairy Month Festivities Planned At Meeting Here

District 26 of the North Texas Milk Producers had a full agenda last Wednesday night with a movie, discussion of two important topics and appointment of one committee.

Two Canyon men, Bruce Winn and Crisler Crain, along with J. P. Sharp of Tulia were appointed to a Public Relations Committee. Their duties will include the Farm-City Week and National Dairy Month.

National Dairy Month will be in June and the local district of milk producers are making plans for a possible regional contest to be held in Canyon.

The dairymen discussed two programs, milk quota and the Mexican braceros. The milk quota program brought out sev-

eral good points, but at the same time it has some bad ones said President Charles Gerald.

The level of production would even off, but if a dairyman wanted to expand it might hurt him, Gerald added. The group didn't take any action on the milk quota.

The braceros program brought discussion among the members present. Gerald said labor unions had the braceros plan stopped this January and it was going to hurt some of the dairies. The local district plans to write Congressmen about the program.

Director of the local district, Louis Hinder, is attending the American Federation of Milk Producers in Seattle, Washing-

ton. Hinder is a member of the executive board of the NTMPA and attended the meeting in an advisory capacity.

Hinder discussed the film on the Olympics and told the dairymen this was a good public relations method of dairymen, who sponsored the movie. The film was in color and showed all phases of the Olympics, from the training in the United States to the finish in Rome.

### Paul Green Talk Slated Sunday

Nobel prize winner Paul Green will talk to the members of the Texas Panhandle Heritage Foundation Sunday afternoon at 3:30 in the Branding Iron Theater.

He will discuss plans for the play that will be produced in Palo Duro Canyon, which will be based upon Panhandle history. After his talk he will answer questions from the members concerning the symphonic drama. Green has created several symphonic dramas concerning historical events.

Green will spend time researching the archives of the Panhandle Plains Historical Museum gathering information for the play he is writing. He will prepare other information for the drama by visiting the various communities of the Panhandle.

Memberships will be available at the door before the meeting begins Sunday and the public is invited to help in this civic project.

Green will be the guest of honor at the Board of Directors dinner meeting at the Amarillo Country Club Friday night. He will speak to the Board about plans for the drama.

and Munday.

During the past few years Judge Orton had collected rocks. He built a special room for them, filled it and was in the process of building another at the time of his death.

He became an amateur horticulturist about 30 years ago. His favorite flower was dahlias. While Judge Orton still was a student he went to Victor, Colo., and worked in a gold mine on Cripple Creek.

He went back to the mine last year and got a gold ore sample from it.

Judge Orton was an educator at heart. He served on the Canyon school board and took the football boys on many trips.

He drove along in his old Model T. One time the car turned over with a load of boys in it. They scrambled out from under and uprighted the vehicle and went merrily on their way.

## Last Rites Held For Judge Orton

A Randall County teacher, officeholder and traveler is dead. Samuel Berry Orton, former Randall County Judge and businessman, died Sunday at his home at 1806 Fifth Avenue. He was 83 years old.

Judge Orton had lived in Canyon since 1910. He was born in Lamar County April 16, 1878 and was always smitten with an unquenchable desire to travel and see things.

As a young man, Judge Orton came to this part of the country on horseback. He and a companion made it as far as Lubbock and then rode back home. They took the long trek just to see the country.

"His main hobby was traveling," his son, Bob declared. "He just wanted to see things. Sometimes he would go to see things by the time roads were opened up to them."

He drove his Model T Ford to Yellowstone National Park in 1921. He was accompanied on that trip by Leige Frieze and Jay Prichard. There were only about 10 miles of paved roads between Canyon and Denver at that time.

Judge Orton was graduated from the University of Texas in 1907. He taught at Dundee

FIRST SNOWMAN of the year in Canyon was made by Leneta Davis, three-year-old daughter of Mr. and Mrs. Burton Davis of 607 18th St. Canyon received a trace of snow Sunday night. The snow melted after the sun came out.

## Umbarger Festival Scheduled Sunday

Big fixings are afoot at Umbarger next Sunday.

That's when the annual Umbarger Festival unrolls at St. Mary's Parish Hall.

There'll be eating, visiting, games and dancing with fun aplenty. The whole community has been working on preparations for weeks now.

The fun starts at Parish Hall at 11 o'clock when the old-fashioned dinner featuring kraut, sausage, applesauce and homemade bread is served.

There will be games in the basement throughout the afternoon and weather permitting, there'll also be games outside.

Supper will be served from 5 until 7 o'clock Sunday night. Prizes will be awarded about 7:30. Several hundred dollars

in merchandise is scheduled to be given away, according to general festival chairmen Conrad Westhoff and Raymond Battenhorst.

Dancing will begin at 8:30 o'clock and continue until midnight. Furnishing the music will be Clyde Miller and his band.

Head cooks for the festival are Mrs. A. R. Friemel, Mrs. Lee Haschke, Mrs. Carl Frische and Mrs. Carl Klueskins. About a dozen other women will help them.

In charge of publicity are Leonard Battenhorst, A. R. Friemel and Eddie Wieck.

In charge of tickets for prizes are Carl Hartman, Matt Albracht, Roscoe Richardson, Clarence Kern, Siegfried Bolte and Leo Arthro.

On the sausage committee are Ben Koch and Mrs. Henry Bracht, supervisors. Their helpers include Mr. and Mrs. Leonard Battenhorst, Anton Handing, Mr. and Mrs. Max Koch, Mr. and Mrs. Sylvester Battenhorst, Mr. and Mrs. Vincent Friemel, Mr. and Mrs. Leo Arthro, Mrs. Ben Koch, Mr. and Mrs. Phillip Forten, Mr. and Mrs. Conrad Westhoff, Mr. and Mrs. Raymond Battenhorst, Mr. and Mrs. Joe Grotteggut and Mr. and Mrs. E. N. Rienart.

### Vet Breakfast Set Saturday

All local veterans and their families are invited to attend the annual American Legion breakfast which will begin Saturday morning, November 11, at 7 o'clock.

The Armistice Day event will be held at the Legion Hall. Wes Kleinschmidt is commander of the local post.

## Recommend Elementary Building

A citizens committee on Canyon School System's physical facilities has decided to recommend that a new elementary school be constructed here.

The committee headed by Dr. W. J. Wooten will make its formal report to the school board later this month.

Wooten said the committee will recommend that the new elementary building be constructed in time for use during the 1963-64 school term.

The committee also will recommend that a new cafeteria be constructed at the junior high school. It will suggest that the old barracks buildings at the junior high school be moved. They have been used to house band and shop facilities.

## Committee Continues Court Study

An Amarillo Bar Association committee has held one meeting in connection with its study of the need for an additional district court for Randall and Potter Counties.

No action has been taken as yet.

E. R. Finney, head of the committee, said his group has met with Judges Gene Jordan and Mary Lou Robinson in connection with the matter.

Judge Jordan presides over the 47th District Court and Judge Robinson presides over the 108th District Court.

The two judges asked the bar association to study the matter and make recommendations to the state legislature with an eye to establishment of another court.

Both judges say they are struggling with overloaded dockets.

## Randall Pioneer Taken By Death

An era ended for Randall County during the past week with the death of Mrs. Mary Agness McGeehe Jenkins.

Mrs. Jenkins, 91 years old, died at 8 o'clock Saturday morning at Neblett Hospital. She was one of the pioneers of Randall County.

Mrs. Jenkins came to Texas with her parents from Georgia. The family left Georgia and traveled by train to the Mississippi River and thence from Vicksburg to Arkansas City.

## Civil Defense Meeting Set Next Thursday

DIRECTORS of civil defense in Randall County are from left Canyon Mayor Delbert Lowes, Firechief Bill Sternberg and County Judge Wayland Angel. They are shown here formulating plans for a civil defense meeting.

Reorganization of Randall County Civil Defense and Disaster Relief Plan will be discussed at a meeting at 7:30 o'clock Thursday night of next week.

The meeting will be held in the commissioners court room at the courthouse here, according to Randall County Judge Wayland Angel and Mayor Delbert Lowes.

The plan includes South Amarillo, Canyon, Umbarger and outlying communities. Preliminary plans for the

organization already have been laid.

The foremost purpose of next week's meeting is to acquaint volunteers with job assignments and coordination of activities among various groups under the organizational plan.

Group leaders have been especially urged to attend the meeting.

Executive director is Bill Sternberg, Canyon firechief. "The disaster plan and group assignments have been prepared to cope with either natural or man-made disasters," the judge and mayor said in a statement Wednesday.

"We feel by assigning specific duties and utilizing available resources through a prepared plan that our citizens will be in a much better position should a disaster occur," they continued. "This type of planning is similar to insurance. Everyone hopes it will never be needed, but if the need does arise, preparations will have been made."

They urged everyone interested in civil defense and disaster relief planning to attend the meeting.

## Mrs. Ed McKay Tells Group Of Exchange Student Plan

Ineke Templeman of Gouda, The Netherlands, is a student in Canyon High School this year because an army ambulance driver through two wars decided Americans needed some friends abroad.

So told Mrs. Edward McKay of Amarillo, regional director of the American Field Service, to a group of some 35 persons here Monday evening. Occasion was the first meeting of the Canyon chapter of the AFS, in the Canyon High School cafeteria.

Mrs. McKay commended the Canyon chapter on a job done "quickly and right" last spring, when a group of local persons became interested in bringing an exchange student here. She pointed out to the group that Ineke is one of 2,229 foreign students attending American high schools in 49 cities this year.

"And for everyone of these 2,229 students," she continued, "some group of organization has placed with the New York office of American Field Service, \$650."

This amount, she explained, gets the student from his home to his American home, where he, consequently, attends school tuition-free, and lives for nine months on a minimum personal allowance.

The exchange student plan, Mrs. McKay said, began with college students. It was then tried with high school students, and America was one of the first to prove successful in this phase.

Some 1,500 American students went abroad on the plan last year, and CHS student Marguerite Stephens, daughter of Mr. and Mrs. Elzie Thomas, has been selected by the Canyon committee to be considered for the plan next year.

Dr. Walter H. Juniper, dean at WTSC is president of the Canyon committee. He was master of ceremonies at the Monday meeting. Other offi-

cers are Mrs. R. A. Neblett, member for homes and adjustment; Hosea Foster, finances; Lawrence H. Roberts, school liaison; Mrs. A. K. Knott, Americans abroad; Joe A. Gibson, school system; and James E. Miller, high school.

"It is important," Dr. Juniper stated, "that a cross-section of the entire community be represented on the committee, rather than one group, school or organization."

"In addition, we were required to list additional members, chosen to represent the whole Canyon community..."

These members are Clark deSchweinitz, president of student body, CHS; Virginia Crounse, president of National Honor Society, CHS; Pat Haley, president of teenage library association of Texas, CHS.

E. E. Plank, rancher; Levi Cole, president, First National Bank; Mrs. Jack Haley, housewife; Dr. C. C. Callarman, Kiwanis Club; Dr. W. J. Wooten, Lions Club; Jerry LaGrone, Rotary Club; Chan Foster, Junior Chamber of Commerce; Joe Gidden, Chamber of Commerce; Mrs. R. D. Wheelock, Sue Hite Study Club; Mrs. Clarence E. Thompson, Junior Woman's Book Club; Mrs. Floyd Langford, Canyon Study Club; and Mrs. Joe Findley, Woman's Book Club.

Mrs. McKay, in detail, explained the duties of each officer of the committee, and the purposes and plans of the service. She related personal experiences which confirm the success of the plan.

Special guests present Monday included Mr. and Mrs. Jack Haley and Pat, who are foster parents of Ineke Tempelman; Miss Templeman; Mrs. J. J. Durham, Hereford High School teacher and two of her students, Gillian McArthur of Edinburgh, Scotland, and Peter Lantz of Stockholm, Sweden.

Dr. Juniper announced plans for a committee meeting in February.

## Hilltop Views

BY DR. J. A. HILL

From coast to coast the American public is invited, even urged, this week to visit, inspect, evaluate their own public schools. Hundreds of thousands of them will do so; and those who keep their eyes, ears, and minds open will learn much.

For one thing they will see democracy at work. The rich and the poor, the brilliant and the not-so-brilliant, the Jew and the Gentile, the Christian and the non-Christian, the native-born and the foreign-born, the good and the bad -- all these and others are there in a great melting-pot, fusing diverse elements of all kinds and cultivating the spirit of fraternity and equality of opportunity. They will see organized intelligence directed against ignorance and co-ordinated effort aimed toward a general diffusion of knowledge. They will sense an enthusiasm for life and a simple faith in the days ahead. They will see hope being born and aspiration taking wings. They will see hundreds of thousands of dedicated teachers who, day after day, year after year, are giving themselves to the welfare of children and youth.

Let it not be understood, however, that we think the schools have no faults, or that they are meeting fully the needs of society, or that their products are capable of maintaining our heritage as a free people. We see school and college students every day who appear to have a poor sense of values -- who seem to be wholly incapable of taking the long look, either backward or forward. They acknowledge no obligation to forebears and no responsibility to present or future generations. They measure life in terms of the material and physical satisfactions of the moment. Yet, for years they have breathed a purifying and uplifting atmosphere in school. What is the matter? Are the schools to blame?

In part, yes. But only in part. Schools are not the only educative factors. They are only the formal part of the educative process. Informal education -- that which the individual gets outside of school -- is often as effective (sometimes more so) as one's whole scholastic career. Long before the average child enters the school room he or she has acquired a sizable vocabulary that reflects his or her background. Give me the language pattern of a six year old and I will give you the life pattern to which he is accustomed.

As the youngest widens his or her sphere of association with others he picks up new patterns -- perhaps modifies those previously acquired. In addition to learning at school how to read, write and cipher he or she is now learning also from lawyer, banker, doctor, merchant, club woman, clerk, and others, new patterns of conduct -- new standards of honesty, morality, and sobriety. Seeing pace-setting, highly respected citizens breaking the law every day the boys and girls develop at an early age an indifference to, if not contempt for, law and its enforcement officers. The seed-bed of delinquency is thus being prepared by home folks.

This pattern of life is glamorized by TV daily -- drinking, fighting, shooting, illicit love-making and what have you. Youth sees all this as a common practice among so-called most successful people.

Long before they become voting citizens young people have learned about tax evasion practices of "good" people, usury, various forms of graft and misrepresentation at various levels of business, shocking violations of our anti-trust laws on the part of some of the nation's largest corporations, the flagrant skulduggery in politics at all levels.

In light of these and other indisputable facts is it any wonder that the wide-spread, rapid growth of crime is becoming a heavy millstone about the neck of our country? Ask FBI Hoover if you don't believe it.

These mis-educative influences -- these mal-practices on the part of society at large nullify much of the work of the schools, the churches and other civilizing agencies, so that the total result of both formal and informal education is below the safety line. And this is one of the things that gives Khrushchev comfort, for his communist system finds readiest acceptance in an immoral and unstable, God-less society.

Visit your schools and help them by example.

## LETTER TO THE EDITOR

Dear Sir:

In articles of recent magazines and papers we have noted that the God-given natural rights of the family are widely ignored. Most people do not even seem aware that these God-given rights exist.

At a meeting in Washington D.C. in 1947, these rights were thoroughly discussed. Among those discussed are:

the right to marry, to establish a home and beget children.  
the right to economic security sufficient for the stability and independence of the family.  
the right to the protection of maternity  
the right to educate the children  
the right to maintain, if necessary by public protection and assistance, adequate standards of child welfare within the family circle.  
the right to assistance, through community services, in the education and care of the children.

the right to housing adapted to the needs and functions of family life

the right to immunity of the home from search and trespass

the right to protection against immoral conditions in the community.

We hope that these will be food for thought and that from it will come some good for our community.

Two Readers, Mr. & Mrs. John H. Dietz

(At least three of the "rights" mentioned are economic in nature and should be won by labor and thrift. We are promised nothing better than that by the sweat of our brow we shall eat bread. . . . Canyon Rim)

Armistice Day is Saturday and Canyon members of the American Legion Auxiliary will be selling poppies to help raise money for disabled veterans.

Members of the local Auxiliary will go to every business house and to the schools selling the poppies.

Disabled veterans make the poppies and receive half of the sales, while the other half goes into the charity fund of the local Auxiliary.

We wouldn't be a bit surprised to see State Senator Grady Harlewood decline to run for reelection when his current term expires.

He has acquitted himself well in the Senate. We feel that most of his constituents are satisfied with their representation in the Senate in Austin.

We're just supposing on both counts, but we wouldn't be surprised if our incumbent district attorney could win the Senate seat if he chooses to run.

The big city newspaper failed to ruin A. W. Lair through its recent barrage of bad publicity for Lair. Canyon and Randall County.

The newspaper of which we speak (Aw, the heck with it, let's just say Tommy Thompson and The Globe-Times) succeeded only in giving its candidate for Attorney General, Tom James, the kiss of death. Lair, on the other hand, was catapulted to area fame by the broadside of hostile newspaper verbiage unleashed against him by the Amarillo paper.

Since the grand jury farce here in September in which James and Thompson got their hands soundly smacked by a Randall County grand jury, the name of Tom James has not been mentioned in state political circles as a serious aspirant to the attorney general post.

This, in spite of the fact that Tom James is the only candidate for that office who has openly announced. Though Waggoner Carr is a front runner in that race, he has not yet announced for the office.

A. W. Lair captured the imagination of the Panhandle when he stood on his hind legs and fought back at the powerful Amarillo newspaper which the Randall County grand jury in effect declared had unjustly attacked him.

For this reason we believe that Mr. Lair just might be a rising star on the political horizon. Not even his nearest friends yet know whether Lair will choose to hook his wagon to that star.

While we're crystal gazing, we see Truitt Hull, just back from law school, birght with energy and ambition, hovering about the office of Randall County Criminal District Attorney.

## Canyon People's Kin Killed In Hunting Mishap

Mr. Lee Pope, son-in-law of Mr. and Mrs. Carl W. Smith of Canyon, was accidentally killed near Bynumville, Mo. Nov. 1.

He was goose hunting near his home when he was accidentally shot by another hunter. Pope, 50 years old, was brought back to Lockney for burial. He was born and reared near Lockney.

The Papes had moved to Bynumville only eight years ago.

Mr. Pope is survived by his wife, Mrs. Margie Pope; two daughters, Mrs. Ernest Duncan of Ft. Worth and Mrs. Bob Bartholomew in France; one son, Lee Wayne Pope of Bynumville; his mother, Mrs. W. H. Pope of Floydada; three brothers, Clarence and Bud, Floydada, and Leonard of Friona; three sisters, Mrs. Jake Brock, Plainview, Mrs. Edna Ellis, Earth, and Mrs. Ada Ellis, Floydada; and five grandchildren.

## Judge Angel To Attend Institute

Judge Wayland Angel will attend an institute on juvenile delinquency Nov. 27 through 29 at Dallas.

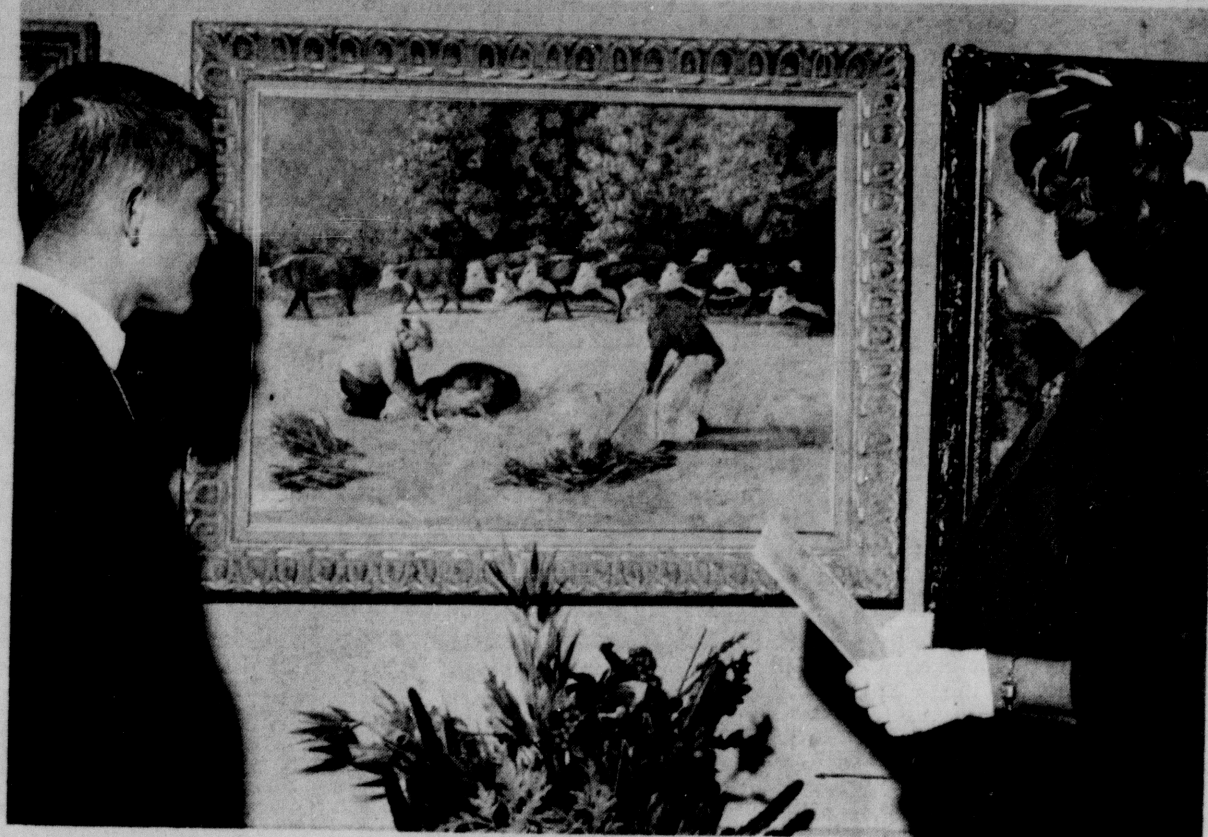

The institute is sponsored by the Southwest Law Enforcement Institute. Angel is county juvenile judge and probation officer.

Judge Angel visited Friday in the juvenile court at Amarillo Presiding judge there is Carl Perryman. "I think it was time well spent," Judge Angel declared.

Judge Angel said he works in close cooperation with Potter County juvenile authorities.

### YOUNG FARMERS

Young Farmers will meet at the Canyon High School in the agriculture department Tuesday, November 14, at 7:30 p.m. This will be the regular business meeting and program for the group, and anyone interested is invited to attend.

"RANCH LIFE" is the subject of this painting of Mrs. Felix Pierce's, being admired by her nephew, Elo Myers, and Mrs. Flora Phillips. It is one of 150 Canyon paintings displayed currently in the art gallery of Panhandle-Plains Museum.

## Realistic Oils Dominate Style Of Neugebauer Class Exhibits

Fifteen Canyon artists are included in the students of Louis Neugebauer, Amarillo, whose works are being shown this month in the Panhandle-Plains Museum art gallery.

Being displayed -- and some are for sale -- are nearly 150 paintings by Neugebauer's students in Canyon, Amarillo, Hereford, Dimmitt, Tulia, Happy and Plainview. They are all oil originals in realistic style.

This is the largest exhibit this group has ever arranged, according to Mrs. Mark Foster, president of the Canyon class.

"We had to take all the other pictures down," she boasts, "to make room for ours. And even then, some of them are standing on the floor, for lack of wall space."

Neugebauer, who has the Vienna Art Studio in Amarillo, has held classes at the home of Mrs. Felix Pierce in Canyon for ten years. The three-hour sessions are conducted each Saturday, with four students to each of the two sessions. Substitute students stand by, in case one of the regulars is unable to attend a class.

Canyon students whose pictures are displayed are Mesdames Felix Pierce, Renna Bellah, Mark Foster, E. E. Perkins, Claudine Peckenpaugh, Emil Olson, Don Olson, Cecil Briggs, Sherwood Blasdel, Don Cloward, Bill Patke, L. S. Johnston, Travis Payne, Del

## Details On Okinawa Crash Are Revealed

Complete details of the airplace crash on Okinawa that took the life of Captain Bobby M. Foster, nephew of D.M. Foster of Canyon, reached here this week.

CAPTAIN BOBBY FOSTER

Captain Foster and another pilot were flying in a jet trainer when their craft crashed and burned a short distance from the Kadena Air Force Base runway near Naha. An investigation of the crash has been ordered.

Captain Foster, 28 years old, is the son of Mr. and Mrs. Mark L. Foster, formerly of Canyon and living at Bellflower, Cal.

Captain Foster's wife, Bonita, and their three daughters, Debra, 5, Barbara, 3, and Sandra, 1, were flown back to the States Thursday of last week from Okinawa where they had been living.

Young Foster was born Oct. 2, 1933 in Canyon and moved to Kress with his parents when he was 2 years old. The family moved to Bellflower where Bobby finished high school as an honor student in 1952.

He went into cadet training later that year and received

Mrs. Marvelle Long has been visiting in Canyon for the past two weeks with her sister, Mrs. Richard Gidden, and other relatives and friends. She has also been in Kress to visit with her daughter, Mrs. Bill Francis, and family. Mrs. Long will return this weekend to her home in Fairhope, Alabama, accompanied by a friend Mrs. E. J. Mahler, of Wayside.

## Mail Carriers To Distribute Survey Cards

Rural mail carriers from the Canyon Post Office will leave some livestock survey cards along their routes beginning November 16.

"Information reported on these cards is used to set the yearly inventory of livestock and poultry on Texas farms," Postmaster Higdon explained. Rural carriers distribute the cards at random in boxes along their routes.

"This means that not every box will get a card," Mr. Higdon said. "For this reason, it's important for everyone who gets a card to return it filled out so that USDA can get a true sample of the State's livestock holdings."

Carriers assisting with the survey are: W.E. "Windy" Miller, Route 1; O.B. Redman, Route 2.

Facts and figures secured in this survey are the basis for the Texas and National pig crop report and inventories of live-

## VFW Auxiliary Plans Activity

Mrs. J.D. Louder was hostess to members of the VFW Auxiliary when they met in her home Monday evening. Mrs. D.S. Owens presided at the business session.

The auxiliary is collecting good used clothing to be sent to Ruth Bedow, District 16 VFW Auxiliary, League City, where the clothing will be given to victims of Hurricane Carla, who are still in need.

Twenty-six members have paid dues for next year. Mrs. Cal Stephens gave a report from the District 13 meeting which was held recently in Plainview. Mrs. Stephens, past district president, has been appointed as District 13 hospital chairman. Money and gifts are to be sent to Mrs. Stephens for the Christmas party to be given for patients at the Amarillo Veterans Hospital.

Mrs. E.C. Penick was presented a handkerchief shower in honor of recent sixtieth wedding anniversary. Mrs. Penick is auxiliary chaplain.

The group has reached the honor roll requirements with contributions to the T.B. Fund, Sweeney Diabetic Center, Gonzales, has purchased Christmas Seals, and contributed to the Boy Scout Drive.

Canyon VFW post and auxiliary will host the next district meeting, which will be held in February. The auxiliary will join the post for a social at the VFW Hall, November 16. Plans include a dinner with games of various kinds to provide the evening's entertainment.

A committee was appointed to plan the Post-Auxiliary Christmas party. Next meeting will be in the home of Mrs. Glenn Gardner.

Present were Mesdames LeRoy Boehning, C.E. Clark, Gardner, John Hardaway, Louder, Johnny McBroom, D.S. Owens, Bill Pond, Viola Russell, Stephens, R.E. White, P.M. Wilson, J.E. Mickey, and Pinky Sanders.

## Dr. Cornette To Speak

Dr. James P. Cornette, president of West Texas State College, will attend the 14th annual conference of the Texas Conference on Teacher Education, which opens Sunday in San Antonio.

Theme for the meeting is "New Challenges in Teacher Preparation," and the conference closes Tuesday. Mrs. Cornette will accompany her husband, who will be chairman of a discussion group.

## Variety Ring Plans For Christmas Party

New officers were named when members of the Variety Ring were entertained recently in the home of Mrs. W.L. Rice. President will be Mrs.

## Foods and Nutrition Are Studied by Club

Mrs. Herbert Gerdson was hostess to members of the Palo-Duro-Rusk Home Demonstration Club recently for a program on foods and nutrition.

Mrs. Mona K. Hildreth, county home demonstration agent, used charts in illustrating her talk. She also distributed bulletins and recipes to the nine members present.

Refreshments of sandwiches, applesauce cake, punch and coffee were served from a table centered with a large arrangement of chrysanthemums. A silver tea service completed the refreshment table.

Next meeting will be on November 14, with Mrs. Bob Wilkinson, 2521 Tenth Avenue. The program will be holiday foods.

## Watercolor Art To Be Shown on Sunday

An exhibition of watercolor paintings by Mrs. Robin Gantz, former West Texas State College student, will be shown Sunday in the main lounge of the Fine Arts Building. The show will be on display for about two weeks.

Opening of the exhibit will be from 2 until 4 p.m. Sunday, and Mrs. Gantz, who now lives in Pampa, will attend the opening.

About 80 small watercolors, mostly landscapes and figures, will be included in the show.

Mrs. Gantz is a native of Shamrock and is the daughter of Mr. and Mrs. E.P. Sumner, who now live in Amarillo. She attended Amarillo High School, where she began actively painting and doing commercial design.

While attending WT, she continued commercial work, and among her works was the designing of a cover for a Phillips Petroleum Company magazine. She attended WT on an art scholarship awarded by the Art Connoisseurs of Amarillo, and worked in the display department of Sear, Roebuck Company.

## ITEMS OF INTEREST TO Women

### United Church Women Install New Officers To Lead Group

INSTALLING new officers of the United Church Women, Friday morning, is Mrs. Charles E. Wilkinson, left. Others are, left to right, Mrs. Ross Russell, treasurer; Mrs. L.H. Brotherton, president, and Mrs. Pete Cowart, vice-president.

Mrs. Charles E. Wilkinson, outgoing president, installed new officers of the United Church Women Friday morning, when the organization met at the Presbyterian Church. In the candle lighting service, Mrs. L.H. Brotherton became president; Mrs. Pete Cowart, vice-president; and Mrs. Ross Russell, treasurer. Mrs. J.L. Markham, secretary, was unable to attend.

Mrs. Lars Hamerson presided at the silver service during the coffee hour which began at 9:30 that morning. The refreshment table was centered with an arrangement of fall flowers and covered with a lace cloth.

Members of the refreshment committee were Mrs. W.E. Miller, Mrs. Lewis Tuck, Mrs. Alice Black, Mrs. R.R. Rhoades, Mrs. L.H. Owens, and Mrs. Joe C. Whittington.

The program was in observance of World Community Day, and Mrs. Gene Sunderman was guest speaker for the occasion. She told of economical and social conditions in the Latin American countries, and emphasized the effect that the lack of education is having on the people of these countries. Mrs. Sunderman pointed out that it

is going to take more than lip service and money to educate these peoples. They need the prayers of all church groups and personal service of teachers to help to cure the illiteracy which exists at the present time, she concluded.

Mrs. E.J. Larson presented choral readings from James Russell Lowell's, "Once to Every Man and Nation". Mrs. Dale Harter gave the devotional. Mrs. Bruce Winn directed

the group singing, and Mrs. J.D. Barker was at the organ.

The committee in charge of arrangements for the day were Mrs. Mary P. Bonnie, Mrs. Newton Sparnes and Mrs. E.A. Michael.

Many school supplies were brought or provided by the women of Canyon to be sent to the Latin American countries as a part of United Church Women's emphasis on education.

Said 60 foot strip of land being in lieu of and in substitution for the 60 foot strip described in any prior notice to you in these proceedings. for the purpose of constructing, operating, maintaining, repairing, replacing and restoration of a pipeline, all of which appears in a certain amended written statement or Petition filed by Pioneer Natural Gas Company with said Judge, on the 17th day of October 1961, to which reference is here made, the undersigned having heretofore duly selected such time and place of hearing as required by law, will proceed to hear the said Max L. Cooley and all other parties to said action and said amended written statement or Petition to Condemn and to act thereon in the manner directed by law.

The name of the Petitioner or Plaintiff in said action is Pioneer Natural Gas Company, a corporation, and the names of the Defendants in said action are Max L. Cooley, Doris J. Cooley, Federal Land Bank of Houston, Edward Lee Hunter, and Melvin Wagner. The Style of said action is Pioneer Natural Gas Company, Petitioner, vs. Max L. Cooley and wife, Doris J. Cooley, ET AL, Defendants. Said amended written statement or Petition to condemn was duly filed with the County Judge of Randall County, Texas, on Oct. 17, 1961, as aforesaid. It was duly marked by said County Judge as being filed on said date. The Clerk of said Court has for purposes of convenience assigned to it No. 1194.

The nature of said suit as aforesaid is for Condemnation of an easement across the aforesaid land for the purpose of constructing, operating, maintaining, repairing, replacing, and restoration of a pipeline, all of which more fully appears from the amended written statement or Petition to Condemn aforesaid.

If this Notice is not served within 90 days after the date of its issuance, it shall be returned unserved.

Given under the hands of said Commissioners (the undersigned) this the 30th day of October, A.D. 1961.

## Martin Horse Reserve Champ

Orville Hicks rode Double Five Domino to World Reserve Championship honors at a cutting event recently in Sedalia, Mo.

The reserve champion is a registered Apaloosa stallion belonging to Dale Martin of the Tierra Blanca Stock Farm of Canyon and Alvin Davis of Brownfield.

This was the first cutting event in which the Apaloosa had been entered this year, according to Martin.

THE STATE OF TEXAS  
To any Sheriff or any Constable within the State of Texas -- GREETING:

You are hereby commanded to cause to be published once each week for four consecutive weeks, the first publication to be at least twenty-eight days before the return day thereof, in a newspaper printed in Randall County, Texas, the accompanying citation, of which the herein below following is a true copy.

TROPHY WINNERS in the recent Junior Horsemanship contest held here are from left, Mike McBroom, third place winner; Billy Walker, second; and Bill Hardaway, first. The contest was judged by Orville Hicks.

## Hardaway Lad Judged Tops

Bill Hardaway was first place winner in a Junior Horsemanship contest held here recently.

Mrs. Fannie Schmidt has returned to her home in Pomona, California, after spending last week here visiting in the home of Mr. and Mrs. C.A. Castleman. Mrs. Schmidt is a sister of Mrs. Castleman.

Mr. and Mrs. Tom Foster and Nadine Burrow recently visited in Keyes, Oklahoma, in the home of Mr. and Mrs. Leroy Burrow and family, and with other relatives and friends. Leroy is Mrs. Foster's son.

Other winners include Billy Walker, second; Mike McBroom third; Ann Hardaway, fourth; Janice Allen, fifth; and Linda Allen, sixth.

Trophies were awarded to winners in the first three places and rosettes went to the other three contestants who placed. Orville Hicks was judge for the contest.

The group held a picnic following the contest. The Bill Clifford family came to the contest in an old-fashioned survey.

Mrs. John Norman Custis, Sheridan, Wyo., is here visiting in the home of her daughter, Mrs. Francis Shell.

## Accident Victim Condition Good

Condition of Mrs. Ardis Stamper, hurt in a freak auto mishap last week, was described as good this week.

She is still hospitalized for treatment of bruises suffered in the accident.

Mrs. Stamper was hurt when she was struck by the open door of her car which jumped into gear and started moving

while she was putting some things into it. The car is equipped with an automatic transmission.

Her sister, Mrs. Frank Morgan, stopped the vehicle and called an ambulance to take Mrs. Stamper to the hospital. The car was parked in front of Hudspeth Hall where Mrs. Stamper is supervisor.

On Sunday, November 12, Mrs. Robin Gantz of Pampa, Texas will be exhibiting a collection of about 60 water colors.

The exhibition will be from two till four p.m. in the Fine Arts Building at West Texas State College.

Mrs. Gantz was formerly Robin Sumner. She is the daughter of Lumarion Sumner, who is the Women's Editor of the Amarillo News-Globe. Robin wrote feature articles for the News-Globe, too, but now she is busy being mother, housewife and painting for water color exhibits.

Robin and her husband are both former students of WT and Robin spent much of her time in the art lab since she was enrolled as an art major. She chose water color as the most favorite type of art work she enjoyed doing.

There is much for the spectator to learn about the process of water color painting. It seems to be one of the methods they understand very little about. Watercolor (and I notice that in this Encyclopedia of Painting that they use the term watercolor as one word!) is a painting medium made of ground pigment mixed with water and a binding material, usually gum arabic, and applied to paper or silk. Pure watercolor is translucent; gouache is an opaque

watercolor made by the addition of some filler, usually white zinc. In a sense, both fresco and tempera are forms of watercolor, but in its pure form it was largely ignored in the

West until the eighteenth century, when it had a renaissance among the English painters -- Cozens, Blake, Girtin, and Turner -- and later among the American painters as Homer and Marin. Utilized originally for its capacity in rendering minute detail, it has become characterized by a broad and fluid handling.

Most water color painters will tell one how much more difficult it is to get the results they desire until they have spent many hours in practice. No mistakes can be covered up; little tricks with the brush come only after many trials and errors. In other words, good water colors are the result of pain, struggle and much effort on the part of the artist.

Do go to see these very special works of art presented by Robin Gantz.

## Wayside News

Mrs. Marvella Long left Thursday of last week to return home. Mrs. Bertha Mahler went with her.

We had a nice rain and snow recently.

Carolyn Wetzel and Marian Fay Modisette won prizes in the 4-H Club meet.

Mrs. Jimmie Adams and family were visiting with Mr. and Mrs. Robert Adams and Charlotte Adams. They are moving to Pantex.

The Wayside club met at the church last week. Mrs. Louise Heisl was hostess.

Rev. Roland Moore preached Sunday.

The temperature went down to 26 degrees at one time during the past week.

## Charges Stem From Offense Against Girl

Charges of rape have been filed here against Leonard Marcus Gunn, Amarillo, in connection with an alleged offense against a 14-year-old girl.

Officers said Gunn is 62 years old. The girl is his niece, according to authorities.

District Attorney A. W. Lair said the girl has signed a statement in connection with the alleged offense. Gunn is free on bond of \$2500 set by Justice of the Peace Bill Wilson.

# Physical Education Program Promotes CHS Student Health

HUMAN PYRAMID is formed by junior high physical education girls during their class period. On the bottom from left to right are Lou Cowart, Rachael Wall, Dorothy Szydoski and Mickey Davis. Second row are Linda Gill, Becky Price and Janet Ritter. Third row are Charlotte Clark and Ann Johnston. On the top is Kathy Doyle.

(This is a second of a series on the Canyon Public Schools.)

Canyon's school promote better health among its students with a strong physical education program to help maintain a student's growing bodies.

At the junior high, girls physical education classes include physical fitness test twice a year; one at the beginning and the same test at the end of the year to judge the progress made. Their activities include sit-ups, standing broad jump, shuttle race, 50-yard dash, softball throw for distance and modified pull-ups. All of these tests are designed for girls.

During the year, the junior high lassies learn tumbling, basketball, volleyball and softball.

In their lessons, they learn the skills, rules, technique and teamwork required for each of these sports. Calisthenics are taught to help the girls maintain good strong bodies.

Mrs. Bennie Woods, seventh and eighth grade instructor, said physical education promotes better health, learn tolerance, self-control sportsmanship, relaxation, recreation and endurance.

She teaches 59 seventh graders and 67 eighth grade girls. One day Mrs. Woods teaches the seventh grade while the eighth grade is studying health. Then the schedule is switched the next day and the eighth grade girls take physical education.

Included in the junior high

building is the 6th, 5th and two classes of the 4th grades. Mrs. A.C. Clark teaches the 6th graders and has 55 girls divided into two groups. She teaches one the same curriculum as the 7th and 8th grades.

In the 5th grade, Mrs. Mitchell Jones, Mrs. Oscar Hinger and Mrs. Charles Hester are in charge of one group, while Mrs. Joe Strubling and Mrs. R.D. Wheelock instruct the other group. They have 64 students and include organized games, folk games, basketball and volleyball to their program.

Thirty-four students take instruction in the 4th grade from Mrs. Henry Osborne and Mrs. Zula Usrey. They have the basic games as do the 5th graders but add kickball.

## Five Teachers Are Studying Civil Defense

Five Canyon teachers are going back to school as students in the Civil Defense Program.

Ray Wells, Leon Bagwell, Mrs. Clara Long, Miss Mary Carter and Mrs. Joe Ford, a practice teacher at CHS, are attending classes at Amarillo College to prepare them for teaching Civil Defense to Canyon.

Their first class was Nov. 4 and lasted four hours and they will complete the course Nov. 11. After completion they will be qualified to teach Civil Defense in Canyon.

School officials are projecting a program to find out how many people want to take the course and the time for it to be taught. If anyone is interested they can contact Supt. Joe Gibson.

Recent visitors in the home of Mr. and Mrs. J. N. Seay were Mr. and Mrs. Louis Seay and children, Mike and Rebekah; Mr. and Mrs. Bill Baker, Randy and Renae; Mr. and Mrs. M. L. Haas, Robbie and Kay, and Don Seay, all of Amarillo.

Dr. and Mrs. Ted Crager spent the weekend in Lubbock attending Texas Tech Homecoming activities. The Crager children, Jack, Bruce and Teddi, visited in Lockney with their grandparents while their parents were in Lubbock.

# Little Damage To Crop From Wet, Cold Weather

The hard freeze of last week brought maturing of this year's big crop of grain sorghum to a sudden stop. Some farmers needed more time but most all agree that they were lucky to get as many days this fall as they did before the freeze.

Rapid drying of grain sorghum follows a freeze of this kind. The heads are heavy with grain and the stalk will stand only so long. Dry open weather with gentle winds is needed. Thus far the damage from the weather has been small.

A few fields are showing some lodging. Pick-up attachments will be installed to the combines to do a slower but more efficient job of harvesting. Tuesday afternoon machines were moving back into the fields to make a quick finish to this year's harvest.

A few yields reported thus far are very good. Some averages have run as high as 7,000 lbs per acre. At this time an estimated 15-20% of the crop is in. The big run is at hand. Wheat responded rapidly to the moisture and has put out branch roots. Cattle can now be put on wheat pasture.

This is an unexpected bonus not visible a couple of weeks ago. The going rate on graz-

ing seems to be running about 75¢ per hundred wt. per month. The carrying capacity of wheat pasture now appears to be about one animal unit to 3 to 5 acres.

With the increase in wheat pasture the competition for stocker cattle to graze the wheat is heavy. Cattle prices have jumped as this competition for cattle at auctions continue.

Ten days of dry open weather would just about put an end to the year 1961 as far as this year's crop is concerned. Some cotton will not be ready for harvest for a couple of weeks.

## 2 Canyonites' Relative Dies

Mrs. Mary Lou Porter, 97 years old, Silvertown, grandmother of Wayne Porter and Mrs. David Horn, died Tuesday night at Silvertown.

Funeral services will be held at 2 o'clock Thursday afternoon at Silvertown. The body will lie in state at the home place until time for the services.

Mrs. Porter was a Briscoe County pioneer.

## Sports Slot Is Filled By Marvin Ellis

A Gladewater man has joined The Canyon News staff as sports editor.

He is Marvin Ellis, formerly with The Gladewater Mirror. Ellis will double as general reporter but will lean heavily to sports, an area not thoroughly covered by The News up to this time.

MARVIN ELLIS

Ellis attended Kilgore Junior College for two years before completing work for his BA degree at East Texas State College in 1956. He was awarded a masters degree in journalism from that institution in 1959.

In college, he was active in the fields of photography and school publications. He worked at the Greenville Banner and then taught journalism five years in the Irving School System.

Ellis also has worked as cameraman-reporter for WFAA-TV in Dallas. He is not married.

# ASC Office Outlines Rules On Program Participation

In a statement released October 18, the Randall County Agricultural Stabilization and Conservation Service Office called the attention of county grain farmers to four key provisions in the regulations, which concern the relationship between farm owners and tenants in the 1962 wheat stabilization program and barley feed grain program.

The ASC Office Manager, Doyle Thomas, said in the statement that these rules and regulations of the new law are as important to the landlord as they are to the tenant. He said that Government forms, to be signed by a farmer participating in either of the programs, cannot be approved by the County Committee if any of the provisions are violated.

The first provides that the landlord or operator shall have given the tenant full opportunity to participate in wheat and feed

grain programs. Secondly, the rules state that the county committee cannot give its approval, if it determines that the landlord has, in anticipation of the program, reduced the number of tenants on his farm.

Thirdly, approval cannot be given for a farm to participate in the program if it is found that there exists between the landlord and the tenant any agreement or contract unfairly exacted, or required by the landlord because of the landlord's prior knowledge of coming participation in the program.

Under the above regulation, a landlord could not force a tenant to turn over to him payments earned under the program; the tenant's status could not be changed, which would preclude him from receiving a payment due him; the size of his acreage could not be reduced; nor could his share of the crop be reduced.

The fourth rule says that the County Committee shall withhold its approval of participation in the program if it finds that any other scheme or device has been adopted which would deprive the tenant of any payment which might otherwise be coming to him as a result of his taking part in the program. Thomas said that any additional information wanted or needed by Randall County

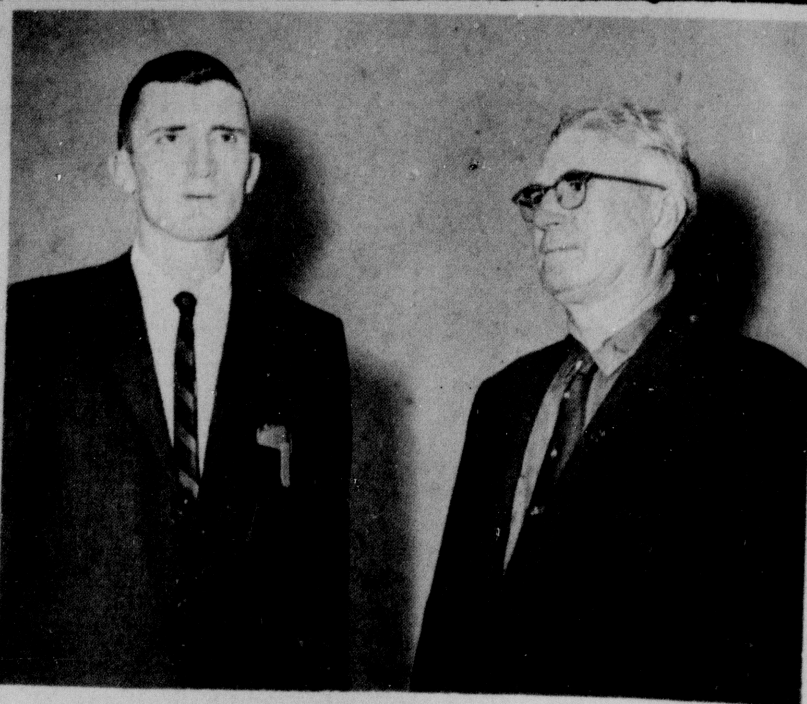

farmers may be had by coming into the County ASCS Office.

Acreage diverted from wheat production to conservation use under the 1962 wheat stabilization program may be grazed until May 1, 1962, according to Doyle Thomas, Office Manager of the County Agricultural Stabilization and Conservation Office.

The 1962 wheat stabilization program provides for the diversion of land from wheat production to conservation uses. By using the acreage diverted for approved conservation practices, producers earn payments. The program also provides that the diverted acreage is not to be grazed or a crop harvested from it during the year.

With a grazing deadline of May 1, 1962, the diverted acreage on participating farms may not be grazed from that date through the balance of the calendar year if the farm is to remain eligible for wheat stabilization payments. In addition, the no-grazing requirement must be met if the wheat from the farm is to be eligible for price support.

Winter wheat producers may apply for participation in the 1962 wheat stabilization program any time up to Dec. 1, 1961. An application is necessary for each farm on which the producer expects to take part in the program. Winter wheat stabilization payments will be made only to those who file application at the County ASCS Office by Dec. 1.

THIS FATHER AND SON will leave for Dallas Monday to take their 32nd Masonic Degree together. They are George and Glenn Dowlen. Glenn is a Randall County commissioner and George is Amarillo city attorney. George has been a Mason six years and his dad has been in the lodge 18 years. Glenn is a past worshipful master of the Happy lodge.

## Tax School Held At WT

Thirty two farmers and ranchers, housewives, and professional people who make income tax returns attended the Income Tax school last week. The school was held Thursday at the Ag. Depr. at West Texas State College. It was sponsored by the Texas A&M College Extension Service.

Ray Rogers, Internal Revenue Service, from Dallas, was the instructor. He was as-

sisted by C. James Murphrey, Area Farm Management Specialist of the Extension Service. John Brazzil, local Extension Agent made the meeting arrangements.

This group received training on tax reporting and farm record keeping. Such topics as depreciation, capital gains and losses, depletion allowances, conservation expenses, deductions and personal exemptions, and the methods of tax reporting were covered.

This year the First National Bank in Canyon is making available a farm record book to ranchers and farmers of Randall County. The bank purchased 300 of these record books and will make them available soon at no cost. It was prepared by management specialists and economists at Texas A&M College.

Ted C. Briggs is now affiliated with the Fundamental Research Branch at the Helium Research Center in Amarillo. He is the son of Mr. and Mrs. Cecil Briggs of this city.

Ted comes to Amarillo from Freeport where he has been employed as a chemist.

Mrs. Joe Crowley is visiting in Tulsa in the home of the Rev. and Mrs. Bob Goodwin and children. Mrs. Goodwin is a daughter of Mrs. Crowley.

Mr. and Mrs. Norman Roberts have returned home from visiting relatives at Goree and Henrietta.

HAS SURGERY Darroll Adams of Umbarger underwent an emergency operation at Woodward Memorial Hospital, recently, and is reported to be recovering satisfactorily.

Visiting in the home of Mrs. Ruth Hill recently were her daughters and families, Mr. and Mrs. Garland Cavitt of Dumas and Mr. and Mrs. Chester Dowell of Channing.

Mr. and Mrs. Lowell Hill of Oklahoma City are here visiting his mother, Mrs. Ruth Hill.

Mr. and Mrs. L.C. Ruthart have returned from Ordway, Colo., where they went for a visit with their son, J.M. Ruthart, and his family.

## COUNTY AGENT'S COLUMN

by JOHN BRAZZIL

Several Randall County Farm Bureau members will be attending the State Farm Bureau Convention at Galveston next week. Some of them will be reporting to Galveston Saturday, Nov. 11, to prepare for this large convention. At this time the resolutions passed by the Randall County group will be presented and a state wide program of recommendations will be made to take to the national convention.

R. B. Gist, Jr., president of Randall County Farm Bureau, says that the grain sorghum harvest may interfere with some of the delegates making the trip. He has hopes that 5 voting delegates will attend. Some of the names mentioned as possible delegates are Gist, H. W. Burrus, G. A. Dietz, Bill Patke, and some of the wives of these members. Curly Myers, farm bureau service agent is also scheduled to attend.

J. O. Parker, president of Randall County Junior Livestock Association is calling an annual meeting of this organization's membership for Thursday night, November 16

at 7:30 p.m. in the Randall County Junior Livestock Building. All officers, directors, members, contributors, and interested people are invited. The election of officers to head the associations will be held at this time.

Civil Defense information is available from the Extension Service Office in the Court-house. For about two years the county agricultural agent and the home demonstration agent have been working with

rural people on defense and rural protection items. Such subjects as shelters, emergency food supplies, first aid, fire protection, livestock protection, and survival has been discussed. Training aids and publications are available through our office.

Mr. and Mrs. John Winters have returned to Canyon from Dallas where John has been attending school. They will make their home in Canyon.

# Canyon Whips Tulia, 27-20

HARRY LISLE sprints for another touchdown for Canyon against the Tulia Hornets. Lisle scored three times and stopped a drive by Tulia on the last play of the game.

## Lisle Scores Three Eagle Touchdowns

Defeat number seven for the Canyon Eagles was in the Tulia Hornets' script, but the Eagles decided to play a tune of their own and came from behind to whip the Hornets 27-20 in a district contest.

The Eagles trailed most of the game, but kept in smelling distance of victory until late in the third quarter when they pushed ahead for the first time. Canyon's eleven held the Tulia defense and made them get off a bad 24 yard punt, then the Eagles played ball control until the fading two minutes of the game. This was the first district win for Coach J.E. Webb's team this year.

The Eagles displayed the best team on the gridiron and was spark-plugged by halfback Larry Lisle, who has seen limited action in the last two games. He was removed from the Dimmitt game after four plays with a hurt shoulder and wasn't able to get full speed for the Dalhart game.

Lisle was a thorn in the Hornets' back, scoring three touchdowns, making 230 yards rushing and he intercepted a Hornet pass on the last play of the game, to stop a possible Tulia score.

Slippery Lisle scored the first tally for Canyon to keep them close to Tulia, then in the second quarter made another TD to narrow the lead and crossed the double stripe for the last CHS touchdown to give the Eagles the game.

Fullback Ronnie Harris gutted out 91 yards in 15 carries and was the key man on defense for Canyon. Harris is a linebacker on defense and a converted fullback from center on offense.

Canyon kicked off and on the second play from scrimmage the Tulia eleven drew first blood. Quarterback Paul Caraway passed to halfback Gary Haught for 54 yards and the score was only one minute and 40 seconds off the clock. Frank Hooper kicked the extra point.

Hooper kicked off and Harris took the ball on the ten-yard line and raced back to the 31 before being stopped. Then Lisle went off right tackle through a hole big enough for a diesel train, picked up ten yards before changing course, to the middle of the field and scored on a 69-yard jaunt. Two minutes had ticked off the clock. Harris was stopped for the run on the extra points. Tulia lead 7-6.

Caraway expertly moved the ball from Tulia's 15 to Canyon's eight-yard line when he threw a jump pass to Haught who scored again. Hooper kicked the extra point and Tulia was ahead 14-6 with 4:15 left in the first quarter.

Hooper got off a good kick, Lisle took it on the 25 and raced back to the Tulia's 38 before he was nailed by the last Hornet between Lisle and the end zone. The Eagles moved the pigskin to the 13 before Tulia's defense tightened. Tulia moved

the ball to the 21 before Caraway punted 42 yards, but speedster Lisle ran it back for 15 yards.

Canyon then moved the ball with Gail Cox getting nine and Harris three for a first down. A illegal motion penalty cost the Eagles five yards and then Lisle took off for the promise land on a 47-yard scamper. He slanted off tackle through another huge hole made by the Eagle's right side and out-ran his opponents. With 9:30 left on the clock in the second stanza, Harris made two points but knocked over two Tulia lads to get across the double stripe. Canyon tied the score on this play 14-14.

But the tied score was short lived, because Caraway, the triple-threat Tulia quarterback, took the kickoff on the 20 and ran around and through the Eagles for 80-yards and the TD. Caraway tried to get two points on a pass to Dean Tarpley, but Lisle knocked it down. The score at the half was Tulia 20, Canyon 14.

Whatever Coach Webb told the team at half must have been the medicine the Eagles needed, for they came back and yanked the scoring sting from the Hornets and tallied twice to win the game.

Canyon took the kickoff which went into the end zone and started their first drive in the second half. Eight plays later the Eagles scored with Cox going over from the two on a dive play. On this series of plays, Cox carried the ball five times for 52 yards, Lisle two times for 37 and Harris once for three. The extra point try was no good and the score was once again tied 20-20 with 8:50 left in the third period.

It appeared the Tulia eleven was on the move again, but Canyon stopped this drive on their own 29-yard line when Don Breitling broke up the Tulia's famous jump pass.

Cox toted the ball for six, then Harris carried the pigskin for two plays and eight yards before Lisle went off tackle for 57 yards and the last TD. Lisle then kicked the extra point and Canyon lead for the first time 27-20.

## WT Freshmen Play Last Game

West Texas freshmen play their last game of the season Friday afternoon at 3 p.m. against Texas Tech in Lubbock.

So far, both teams have posted 1-2 records this season. WT freshmen have beaten Hardin-Simmons 54-21, lost to Air Force "B" 6-19 and McMurry 6-30.

Tech beat Hardin-Simmons 23-7 and by comparison scores, the WT eleven should come home a victor.

## Tally Sheet

By Marvin Ellis

On the airplane ride to Ohio, the trip was smooth except for occasional rain storms, but these weren't too bad. However, when the plane got close to Toledo some rough weather bounced the plane around and got four of the Buffaloes sick.

Ollie Ross, Pete Pedro, Jack Mayfield and John Varnell were the four air-sick football players, but it didn't hurt their appetite any. They dished the food down the gullet faster than the rest at supper, for they were hungrier.

When West Texas arrived in Ohio it was raining and it continued to precipitate until night. While the rain was pouring down, a college freshman game was being played at Bowling Green and that night a high school game mixed up the turf even more than the previous afternoon contest.

Donald Breitling did a good job defensively in the Tulia contest last Friday and then played offensively during the last few minutes of the game. Don made several long runs and kept the Canyon offense moving. But sometime during his generalship of the CHS team, he got his nose cut. It required 14 stitches and the doctor will not know until late today if he can play against the Friona eleven.

Championship football in the high school ranks will begin play in the near future. Canyonites could see some of the better high school team fight it put at Buffalo Stadium. The first meeting will be a bi-district game between Dalhart and Floydada. Dalhart whipped Canyon 45-15 and Floydada edged the Eagles by 28-20. So it looks like district 1-AA Dalhart should win this game easily. Game time will be 7:30 p.m. Nov. 17.

Some sports fans just watch the games and don't realize the cost of putting a team on the field. To help West Texas build better athletic teams, Buck A Month Club is helping by raising money for scholarships. The sports-minded fans of West Texas are trying to raise enough dough for 20 athletic scholarships. If you want to be part of building better sports at WT, attend the Touchdown Club meetings and become a member of the BAM Club.

West Texas will have Arlington State on their schedule next year. Several WT supporters were stunned when they heard we were playing a smaller school. Well, Arlington State is the fourth largest in the state with 9,000 students.

Arlington State was just moved into the senior ranks a few years ago from the junior college level, but it was the top junior college in the state and

several times in the nation. The Arlington Rebels won the junior Rose Bowl several times. Coach Chena Gilstrap, Arlington mentor, had a bad season the first year they were in the senior circuit, but each year the team gets tougher. Fans in the Dallas-Ft. Worth area say Arlington will be one of the toughest teams in Texas in the future.

The top five schools in Texas in round figures, are Texas, 20,000; University of Houston, 11,000; Texas Tech, 10,000; North Texas State, 9,000; and Arlington State, 9,000. West Texas has 2,628 students. Quite a difference.

The Border Conference will have only four members at the beginning of next season. Arizona State University is pulling out after this season.

Officials at West Texas have been exploring every possibility for next year. To date they still don't have an answer. The Western Conference teams needs more money to play with WT and the Missouri Valley is full, or they don't want WT either. Glad someone else is working on the conference schedule rather than me.

The Border Conference in 1941 had nine teams. Three Arizona teams and a New Mexico team have pulled out. Tech went into the Southwest Conference and that leaves Texas Western, Hardin - Simmons, New Mexico State and WT.

## CHS Looks At Friona For 2nd District Win

Coach J. E. Webb's charges try to even their district record tomorrow night against the Friona Chiefs in their last game of the season.

If the Eagles whipped the Friona eleven, it will make it 2-2 record for the district and 4-6 for the season. So far in district competition, the Eagles lost to Dimmitt 0-16 and to district winner Dalhart 45-15.

During the Dimmitt contest, halfback Harry Lisle saw action for only four plays before he had to be removed because of an injured shoulder. During the Dalhart game, Lisle saw only limited action, but against the Tulia Hornets last week he scored three touchdowns to help the Eagles win their first district game.

The game at Friona will begin at 6:30 and will be the last time Canyonites can see the Eagles in action this year.

The Eagles shouldn't have a tough time with the Friona squad as the Chiefs have lost nine straight games this season. Tulia beat the Chiefs 42-6 and the Friona eleven lost by large scores to Dimmitt and Dalhart.

But the upset minded Chiefs will be out for blood to make sure they don't have goose eggs on the record books in the winning column this season.

Coach Webb believes all the boys will be ready for the game, but he said, "we will have to

wait until Thursday to see if Donald Breitling can play." Breitling cut his nose late in the Tulia game and a Tulia doctor had to put 14 stitches in his nose.

## Pedro Scores Only West Texas Tally

A muddy field and huge Bowling Green linemen stopped the offensive attack of the West Texas Buffaloes for a 28-6 loss.

It was West Texas' third loss of the season and the Buffs were victim number 20 in non-conference games to the hefty Falcons. Under the present Bowling Green coach, Doyt Perry, the Falcons have never lost a non-conference game.

Sports writers in the Mid-West were calling the game a battle against the defensive playing of Bowling Green and the offensive maneuvers of West Texas. The mud bogged down the fleet-footed warriors of WT and the mammoth Falcons just plugged along with a few yards and a few more there. By the time the Falcons were done with a few yards here and there they had racked up 358 yards and a victory.

At the same time, the BG eleven held the West Texas boys to 148 yards offensively, and only one score, that by Pete Pedro on a three-yard sweep.

West Texas stopped the weighty Bowling Green eleven during the first quarter, but in the second period the rabbit foot got lost in the mud. Bowling Green scored twice to lead 14-0 at halftime.

During the first period, WT stopped the Falcons on three drives and managed to get the ball to the BG 21. West Texas punted from their 44 and then recovered a fumble by Russ Hepner on the 25. In three plays the Buffaloes moved forward four yards. Dawson passed to Ross but overshot him on fourth down and the drive fizzled.

Early in the second quarter the Falcons scored when full-back Ray Bell got three yards over right guard. Asa Elsea booted the ball through the uprights with 13:40 left in the first half.

WT took the kickoff and it appeared they would move the ball across the goal lines for a score, but an 11-yard loss from the 13 sprinkled water on the scoring flame. Two plays were keys to moving the pigskin. First, Hoot Gibson hit left tackle and at the last moment pitched out to Jerry Logan who scooted around end for 15 yards. The second major play was a pass from Gibson on the 34 to end Joe Granato on the 13 yard line.

Ross tried left end and lost 11 yards. Dawson kept the ball for three and two incomplete passes killed the drive.

Bowling Green took over on the 21 and moved the ball across the goal line in 14 plays with 1:44 left in the half. Ball ran it over from the one-yard line and Elsea kicked the PAT.

WT kicked off the second half and BG's Reynolds slipped on the two. Twenty-one plays later and 98 yards grounded through the middle, the Falcons hit pay-dirt with a three plunge by Barry Weaver. The 21 plays took almost 11 minutes to execute and this ball control type of playing killed the hopes of the Buffaloes. Elsea again kicked the ball true. Score was 21-0.

The Buffaloes picked up steam and scored their only TD of the game. Logan took the kickoff on the 18 and raced back to the 43 before being nailed. Eight plays later, Pedro dashed around left end for three yards and the score. Dawson's pass was incomplete for the extra points and the clock had 57 seconds left on it in the third period.

The ball changed hands ten times the last quarter, but West Texas couldn't hold on it long enough to score.

Bowling Green scored with only 5:53 left in the game when Weaver made 27-yards on a reverse. Elsea acted like "Old Faithful", for he made the kick true again.

West Texas tried to move the ball, but were foiled three times in the last five minutes of the game with bad pitch outs and intercepted passes.

## CHS Freshmen Seek 3rd Win

Canyon High School freshmen lost to the Dalhart team 22-8 Nov. 2 and will play their last game of the season against the Tulia eleven this afternoon.

Tulia has already beaten the freshmen eleven 28-6 and Coach Allen Simpson's team will have their hands full with the strong Tulia team. The CHS freshmen have won only two games this year, beating Dimmitt 20-0 and Price College 26-0.

In their game with Dalhart, the Canyon freshmen moved the ball freely, except across the goal line. They had the pigskin within the 10-yard line five times, but couldn't score except for one time.

The score at the half was 8-0 for the Dalhart team.

Quarterback Alex deSchweinitz passed to end George Cox in the third quarter, for Canyon's only tally.

## 'B' Team Plays Last Contest At Tulia Today

Canyon's "B" team chalked up win number six and will be looking for number seven this afternoon at Tulia.

They have already beaten the Tulia squad 22-6 in a game played here earlier in the season and Coach Bobby Byrd said the team will be ready for this

Hair pulling, clawing and biting would get 15-yard penalties in most football contest, but not the one being played tonight (Thursday) at Buffalo Stadium.

The girls at West Texas State will be playing their annual football contest at 7 p.m. and spectators are sure of a good contest between the teams.

Freshmen girls will join with the sophomore lassies to battle the upper classmen. In this game, the opponents will not touch or tackle the ball carrier, but will try to pull a ribbon from the back pocket of the levis.

An added feature to the game will be the halftime show and the cheerleaders.

## Upset Minded Trinity Looks At WT Record

West Texas State licks its wounds from their defeat by the Bowling Green Falcons, but must get ready for an explosive up-set minded Trinity University Tiger team.

Last week, the Tigers edged by the strong New Mexico State Aggies 17-14 for their second win of the season. The other victory was a 19-0 skunking over the McMurry eleven.

Although the Tigers have lost four games this season, all of them have been by close scores except for the 55-0 thumping by the Texas A&M Aggies.

Trinity was edged by Texas A&I 27-13, Texas Western 19-14 and Arlington State 19-14. The New Mexico Aggies lost to Trinity, but beat the Texas Western team 42-6, a squad that barely edged the Trinity eleven. That's how the Tigers play, up and then down.

How will they be for the Buffaloes, up or down? This question will be answered at the San Antonio stadium at 2 p.m.

Coach Joe Kerbel said the Tigers have a dangerous team, although they have been beaten several times by good teams.

He said, "they are the same big team that we beat 28-0 here last year and they will have the home-town advantage."

The Tigers run off the straight-T formation with a pro-set variation with one end splitting and a halfback flanking to the other side. They have a good left-handed quarterback, McCarty, who can throw the ball and another quarterback, Rutigliano, who is a good runner.

The big question is: Will Trinity be up or down?

# NORTH RANDALL NEWS

By North Randall Girl Scouts

The Halloween party at the Hollywood Baptist Chapel was a real success! Approximately seventy people attended! A number of games kept everyone busy and prizes were given for best costume. Wayne and Duane Mebane (twins) won first prize from the older group of youngsters and Charlotte Earl, six years old, won first prize for the younger set. Special guest was Mrs. M.L. Thorn from Clayton, New Mexico and "Honest Jess".

Mr. and Mrs. E.W. Johnson and family were guest for dinner in the Tom Denton home last Sunday. The Denton's live on Rim Road.

Mrs. M.L. Thorn is here from Clayton, New Mexico. She is visiting with her daughter and son-in-law, Mr. and Mrs. Charles Holcomb. Mrs. Thorn will only get to stay for about a week.

Mr. and Mrs. Jack Gainer and children from Amarillo were guests of Mr. and Mrs. Earl Roberts and family last week. The Gainers recently moved to Amarillo from Pampa.

The Junior Class of the Hollywood Baptist Chapel took up a special offering and purchased a bell for the church.

Bradley Oglesby, 6 year old son of Mr. and Mrs. Bill Oglesby, recently underwent a tonsillectomy at Northwest Texas Hospital in Amarillo. He is home now and doing fine.

Mr. and Mrs. Russell Dean of Amarillo moved into their new home near Claude Road. They built their home themselves! Congratulations!

The W M U from the Hollywood Baptist Chapel is to have their next meeting, November 14th in the home of Mr. and Mrs. Marvin Hodges on Western. The meeting starts at 7:30 p.m.

Mr. and Mrs. Bill Shere from Canyon visited with the Earl Roberts' family last week.

If you people up on Arden Road hear a new baby crying, it's little Shari Annette Knowles! She was born October 19, weighed 7 pounds-3 ounces, and has a set of very proud parents, Mr. and Mrs. O.L. Knowles. Little Shari Annette is a good long range prospect for the Brownie Scouts!

Mr. and Mrs. Bill Harp, Duane, and Diane entertained guest this past week-end. They were Linda and Larry Mohny from Amarillo.

## Calvary Baptist

### Delays Meeting

Change in plans delayed the beginning of a revival meeting at Calvary Baptist Church here until next Monday, according to Rev. Aaron Mann, pastor.

The meeting was to have begun last Monday. It now is scheduled to get under way Nov. 13 and continue through Nov. 19, Rev. Mann said.

Rev. Paul Carlin is the evangelist who will preach here during the revival. Rev. Mann said prayer meetings are being held at Calvary Church each evening at 7:30 this week.

During the meeting next week services will be conducted at 7 o'clock in the morning and at 7:30 in the evening, except there will be no morning service Saturday.

## Miller Goes State Meet

High School Principal J.E. Miller attended a three day conference of the Texas Association of Secondary School Principals in Abilene Oct. 29-31.

At the meet, quality teaching, leadership and curriculum from Texas.

were excellent! Have heard considerable comment on them and everyone appears to be well pleased!

New in our neighborhood are Mr. and Mrs. N.D. Ashby! They recently moved to their new home on south Western. Shortly after their move, Mr. Ashby was hospitalized at Northwest Texas Hospital. "Get Well" wishes are extended to him from his neighbors!

Happy Birthday!

## Schultz Gets Maximum On

### Twin Counts

Jay Graham Schultz was fined \$100.00, the maximum--on each of two counts of indecent exposure.

The fines were assessed in the Justice Court of Judge Bill Wilson. "It was the maximum," Judge Wilson declared.

Schultz, 26-year-old Amarillo insurance salesman, was arrested about two weeks ago terminating a month-long search for a prowler who exposed himself indecently at various places in Canyon.

Judge Wilson denied a request for installment paying of the fines. Schultz is in jail in lieu of paying the fines.

## PALO DURO DINNER

Members of the Palo Duro Mother-in-law Club with their husbands as guests will meet in the home of Mrs. George Barker, 2704 Second Avenue, for their Thanksgiving dinner Friday night, November 11, at 6:30. All members are urged to attend.

Dr. Walter Kerr gave the keynote address and captured the principals' attention with an informative talk on the dangers of communism. Dr. Kerr told the group that the students must be prepared for the fight with communism and know the dangers of this type of government.

He said past cultural habits need to be stressed, explain what freedom really is and what we will lose if we loose our freedom.

## Burgess Boy Wins Model Contest Here

Steve Burgess was first place winner in his division in the Western Auto Store model hobby contest held last week.

He was in the 12 to 18 year old age group. Richmond Graham was second place winner. Tony Herrera won third and James Jennings was fourth.

Tom Callerman was first in the age group for youngsters younger than 12. Cash prizes were awarded.

# Teen Topics

The teachers were accommodated with many dreary and lifeless students in their classes Wednesday morning, the night after Halloween.

Many of the pupils had attended the dance and others went to the midnight show, only to appear to be still in a dream as they made their way down the halls to classes. There they could be seen yawning and twisting to keep awake.

Gary Fletcher was elected district vice-president of the Teen Age Library Association of Texas at the district meeting October 28 held in Borger.

Gary will take office this fall and will automatically become president of TALA the next year.

The local chapter has also elected its officers. Serving as president is Doris Smith with Janie Burk assisting as vice-president.

Judi Roberts is secretary; Becky Dacus, treasurer; Carol Brown, parliamentarian.

The Art I Classes have varieties of jewelry in the display cases which they have made. Take a look--it's worth seeing.

Seems that no-one wants to walk by the biology room this week because of the "perfume" coming from the room.

"Get a boy as a lab partner; he'll do the cutting and then we can watch!" This is the general comment coming from most of the girls since the classes have started dissecting fish.

The Class of '62 received senior rings November 2 upon

## Name Favorites At CHS Social

Presentation of Mr. and Miss Canyon High School will highlight an All-School Social Nov. 11.

Mr. and Miss Canyon High School is selected by a popular vote conducted by the Student Council and the selection will remain a secret until coronation time.

This is the first year for this honor at CHS. In the past it was called Mr. and Miss Purple and White.

Student Council members will have a program for the social, plus games and dancing.

paying the balance due.

The rings that were distributed Thursday after school are the same design as they have been for the past three years. The gold ring is set with a blue stone. Atop the gold and black crest on the stone is a gold "C" and the smaller letters "H" and "S." On either side

of the stone the year and the owner's initials may be found. The ring is set off on both sides by an eagle, the school mascot, and the word "Canyon."

The rings ordered during the second week of school, are definitely symbols to be worn with pride.

High School Calendar, November 10-16, as taken from the principal's calendar.

Friday, November 10--Friona game at Friona at 7:30 p.m. American Education Week Assembly at 10:15 a.m.

Saturday, November 11--All school social in the cafeteria and commons. Girls' Basket-

ball Clinic at Plainview, beginning 9 a.m.

Monday, November 13--Community Concert in the high school auditorium at 8 p.m. Assembly at 10:15 a.m.

Tuesday, November 14--Young Farmers meeting in the Agriculture Building at 7:30 p.m.

Wednesday, November 15--Begin second six weeks' exams.

Thursday, November 16--PTA meeting in the cafeteria and auditorium at 7:30 p.m.

## Gate Receipts...

(Continued from page 2)

However, Kimbrough told the boosters the department started the season with a \$90,000 deficit. "We will be able to pay off some of the debt this year," said Kimbrough.

He discussed the small amount of season ticket sales this year and said if there had been one bad night of weather, he wouldn't have had good ticket sales at the game. Kimbrough said only \$4,000 of season tickets were sold and that about 400 people bought these.

Kimbrough stated that to bring top athletic teams to play against WT, "we will need more money." He pointed out the University of Arizona gate brought in \$15,000, but officials of that school said the gate in Tucson would have brought in \$31,000.

These teams are bringing in more money and want a good guarantee, \$15,000 to \$25,000, before they will sign a contract.

He asked the boosters to take season ticket applications and to sell them, in order that he might be able to talk with other schools in scheduling teams.

He told the members that Arlington State would be on the schedule next year and he signed them for \$3,500 and they were glad to play WT. But he said if we hadn't signed them up now, we might not been able to later on. They have 9,000 students this year and will a tough team in a couple of seasons. The Buffaloes will play them here early in the season twice and once in November there.

Kimbrough was asked about the WT's future major college rating if the Buffs play Arlington State and McMurry.

"I just can't say because we don't know how the NCAA rulings will be this year on major college status," Kimbrough said. He said WT is playing the best teams possible but "it's not up to me to schedule teams with five figure guarantee."

"You know the only team that I could make that kind of guarantee with don't you?" he questioned the boosters and several answered him with Texas Tech.

## 'B' Team...

(Continued from page 2)

game, if they play as they have in the past games.

In the Canyon-Dalhart "B" contest, Bobby Evans scored first with a 70-yard off guard play in the first quarter. Don Knowles made the extra points with a run around end.

Dalhart scored and tied the score, but Jerly Vance scored with a 10-yard jaunt around end for the Canyon's last score in the fourth period. Robert Cook dived in for the extra points.

This is the last game of the season for the "B" team.

## Lisle Scores...

(Continued from page 1)

Tulia was stopped on the next series of plays and Caraway got off a bad punt for 24 yards. Canyon took the ball on their 13 and moved to the one yard line in Tulia's end of the field before handing the ball over to the opponents on downs. But these 14 plays had ticked off nine minutes in the last quarter and left the Hornets only 2:15.

During this series of plays for the Eagles, the key play was a fourth down and one yard needed on their own 49. Cox made two and gave the Eagles a new lease on life, for it the Tulia eleven had gained control at this point it could have spelled defeat for CHS.

Breittling came in and quarterbacked and moved the ball 23 yards in three plays. The ball was on the four and Harris made three to place the ball on the one with only one more down left. Harris tried once again and was stopped this time.

The Tulia eleven began to move and had the pigskin on their 47 when Lisle snatched a pass on the last play of the game and Canyon won its first district contest.
